
Antisemitism: An Annotated Bibliography

This twenty-one volume bibliography is one of the most comprehensive resources used by scholars studying antisemitism and other facets of Jewish life. Covering works about antisemitism from the ancient period up to the present, it lists books, dissertations, master's theses, and articles from periodicals and collections from a diverse range of disciplines including history, literature, art, psychology, sociology, and anthropology. Antisemitism here is defined as antagonism toward Jews and Judaism as expressed in writings, in the visual arts, and in actions. Additional volumes are added occasionally.

Multi-volume set
