

Discoveries in the Judaean Desert

In this thirty-eight volume series, the Dead Sea Scrolls are translated, edited, and commented upon by prominent scholars. The volumes are designed especially for students and scholars of biblical and post-biblical Judaism and early Christianity. Each volume focuses on several sections of the scrolls, featuring a transcription of the text, a translation of the non-biblical sections, photos of manuscripts, dating information, and critical commentary. A supporting gift would enable the library to complete its collection of this series.
