

Referex Engineering

Referex Engineering is a database of more than 300 full-text electronic engineering reference titles, organized in three collections: the Chemical Petrochemical and Process Collection, the Electronics and Electrical Collection, and the Mechanical and Materials Collection. Content ranges from broad-based engineering titles to highly specialized professional reference texts, providing an extensive and detailed base of reference material to support researchers, academics, R&D engineers, technicians, and corporate engineers in their diverse work.

Database

Cost: \$26,500*

*Cost reflects a five year subscription, requested by the Libraries in order to ensure continuous access to the database. Please contact B.J. Johnston, Associate Dean of Collections and Departmental Libraries (bj.johnston@wustl.edu or 314-935-5468) for details.
