
Yomiuri Shinbun: Taisho period, 1912-1926
(Yomiuri newspaper: Taisho period, 1912-1926)

The East Asian Library

As one of Japan's leading newspapers, the *Yomiuri Shinbun* provides a vast record of the country's history and cultural life. This database includes all articles published from 1912 to 1926 in this important paper. Locating Japanese newspaper articles, especially older ones, is difficult because of a lack of comprehensive indexes for these papers. This database would allow easy access to a significant newspaper. One can search by date, title of the article, keyword, and classification code.
